

Hi!  
I'm Amelia and  
Fruit Shoot  
is my favourite drink

I drink my favourite  
drink in the park

On the way home

And at home.

Usually it looks like this

But now when I'm drinking  
Fruit Shoot, it is sometimes  
going to look like this with a  
different cap

It opens in a different way,  
like this

and is easier  
to drink from  
and uses less plastic.

But when I go out to eat,  
my Fruit Shoot  
might still look like this,  
with the old cap

And sometimes I might see both the  
old cap and new cap in the shops

I love Fruit Shoot  
because it tastes  
and smells the same to  
me. It is still my  
favourite drink!
