

DISCO application form

The DISCO (The Diagnostic Interview for Social and Communication Disorders) four-day accredited training course targets psychiatrists, paediatricians, psychologists, speech and language therapists and other professionals working in mental health and forensic areas of clinical practice, with a minimum of three years' post qualification experience and a wide knowledge and experience of autism spectrum disorders (ASD).

It would be very helpful to have some more information about yourself, your experience and your role in the diagnostic process, in order to ensure that the training course is suitable for your needs.

Please complete the following information. **Completed application forms should be returned to conference@nas.org.uk**

Name of applicant	
Profession	
Professional registration	
Email address	
Professional qualification(s) (dates)	

DISCO application form
