

# DISCO application form

The Diagnostic Interview for Social and Communication Disorders (DISCO) four-day accredited training course is for psychologists, psychiatrists, paediatricians and other professionals working as part of a specialist autism multidisciplinary team, with a minimum of three years' post-qualification experience and a wide knowledge of the research and theoretical elements associated with autism spectrum disorders (ASD) is required.

It would be very helpful to have some more information about yourself, your experience and your role in the diagnostic process, in order to ensure that the training course is suitable for your needs.

Please complete the following information.

<b>Name of applicant</b>	
<b>Profession and job title</b>	
<b>Professional registration</b>	
<b>Email address</b>	
<b>Professional qualification(s) (dates)</b>
