

Scavenger hunt

Tick off as many colours as you can find and make up your own!

Green

Brown

Blue

Yellow

White

**Multi-
colour**

What other colours do you see?

Sense the world around you

List what you experience and add more if you like.

Something noisy we/I hear

Something rough we/I feel

Something bright and colourful we/I see

Something that comes from nature we/I smell

In the city or countryside

Some things to talk about or reflect on as you walk.

How many different types of terrain can you spot?

Are these man-made or natural?

Or how many trees, if any, did you pass on your walk?

Do you know the names of the trees nearest to you?

What things do the colours of your clothes match in the environment around you?

Can you match them all up?

Do you live in a village, town or city?

What's your favourite green space there?
